DOCTORS MISTAKES Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidimagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous protration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pilts and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better the reason of the wrong treatment, but probably worse. A proper medicine like Dr. Plerce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those discressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that a disease known is half cured."

Dr. Picrce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

effects in any condition of the female sistem.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

equaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterns. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, 'iver and bowels. One to three a dose. Easy to take at candy.

CHILDREN BURNED TO DEATH. Three children perished in a fire which swept through a four-story tenement in the Williamsburg section of Brooklyn late yesterday afternoon.

Michael and Frank Shinn, aged 2 and years, met dest's on the ground floor, being literally burned to a crisp, and Katherine Oraig was suffocated by smoke in the flat of her parents on the fourth floor.

Mrs. Shinn left her two children alone while she went shopping and it is believed that the youngsters lighted matches, start. ing the blaza.

Eighteen families were routed from the building, which was a wooden structure and burned like tinder.

Seven persons were injured, three of them probably fstally, in two fires in crowded dwellings in New York yest srday. B. ta fires gave opportunity for here ic rescuse by the police and firemen. Flames from one of the burning buildings, a Jefferson street tenement, threat ened Bath Israel Hospital, nearby and a panic among the patients was averted only by the cool-headedness of physicians

and ettendants. S.x persons were badly burned in the Jefferson street blaze, the spread of which was hastened by the explosion of a fivegallon jug of whicky which a family had bought for a wedding celebration yesterday. Exit by the fire-escapes and stairways was cut off and firemen had to raise ladders to get down the imperiled occupparts. Two of those burned will probably die.

Six persons were rescued from a threatening blaze in a Tenth avenue boarding house The conditions in the Jefferson street fire were largely duplicated, police and firemen picking up and carrying out unconscious occupants from several of the rooms. One man's condition is so serious that he may not recover.

Fifty years'experience of an Old Nurse Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for fifty years with never-failing success by millions of mothers for their children. It relieves the child from pain, cures diarrams, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Twenty-five cents a bottle

COMMISSION APPOINTED. A commission which had been in existence since 1883, supplying succeed-000 a year each to four men comprising E. S. LEADBEATER & SONS ing commissioners with a salary of \$5,the board, was abolished yesterday by William J. Gaynor, the mayor of New

The men removed are John F. Cowan, William H. Teneyck, John J. Ryan and J. P. Windolph, whose ostensible

duty as an aqueduct commission was to supervise the almost endless construction and improvement of the Croton water In removing the commissioners the mayor expresses his opinion as follows:
"The work which the commission was created to do was substantially completed a good many years ago, and

there has been no excuse since that time for the commissioners not so reporting and ending their official exisence. They have been doing trivial things ever since, or seeking to stir up things to do, which latter they are industricualy doing now in order to make pretense that their work is unfinished. Meanwhile they have been costing the city the useless expense of about \$300,-000 annually for high office rents, their own salaries, and those of their en-

tourage of engineers, secretaries, etc." Tammany received the cold shoulder again in a list of appointments to office annunced yesterday by Comtroller Pendergast. Every appointee on the new list is an enrolled republican, and in one instance the services of seven bank messengers, all of whom were democrats appointed in the regime of Compt oller Merz, were dispersed with. Each received \$1,200 a year.

BISHOP LLOYD IN BALTIMORE. A number of prominent Episcopalians and representative Baltimore men and women met yesterday at the home of Mrs. Henry Barton Jacobs, West Mcuat Vernon Place, Baltimore, to hear addresses by Mrs. Charles Rodman Pancosst, of Philadelphia, and Coadjutor Bishop Lloyd, of Virginia, on the sub-ject of "St. Paul's College, Tokio,

Japan." Mrs. Pancoast told of the work in Japan and of the needs of St. Paul's Colege. She told of the Japanese boys who have become Obristians and who, unless this college is available, must contique their education under un-Christian

Following Mrs. Pancoast, Bishop Lloyd spoke of the work as a trust that has been put upon the American Church, saying that Et, Paul's College would be the crown and flower of the church in Japan as the result of the work of the last 50 years. Both speakers paid glow-

ing tribu'es to Rev. Henry St. George Turker, president of the college.

Bishop Lloyd arged the need of christian education for the Japanese as the means by which Japan would eventually become christianized.

SUICIDE OVER AN ARREST. Grief-stricken because his wife was to be led away to jail, Isasc Friedberg, of Pittsburg, Ps., yesterday shot himself dead in his bedroom as a constable waited for the woman in the parlor of the Friedberg home. A charge of larceny by bailee had been made against Mrs. Friedberg, it being alleged she failed to return some borrowed iewelry at the appointed time. The charge was made before an alderman, whose constable had called to arrest

The transaction was made without her busband's knowledge, and after he had tried to arrangs for bail over the telephone he bade the cons'able wait in the parlor while he went opstairs. In a few moments a shot was heard and Fried berg was found on the floor. He died almost instantly.

A panic in a crowded interurban trolley car in Chicago followed last night when Joseph Schmell, a laborer, shot and killed Conducton Herman Bierman and attempted to stab the passengers, mostly women and children. Schmell, after quarreling over a transfer, shot the conductor, who staggered to the platform and fell dead. Dropping the revolver Schmell uncheathed a long knife and attacked the passengers. The women and children screamed and some jumped from the car. A policeman finally subdued Schmell.
